**FEATURED AREAS**

**Green Zone** - Assuming pride of place overlooking the start line at Kyalami Grand Prix Circuit, the 2022 Festival of Motoring's Green Zone played host to some of South Africa's largest automotive brands, together with a premium selection of displays and entertainment by some of the biggest names in the industry.

**Yellow Zone** - Hosted within the refurbished Kyalami Grand Prix Circuit's secondary pitlane area, visitors to the 2022 Festival of Motoring's Yellow Zone had an opportunity to not only ride “shotgun” alongside some of the finest drift drivers in the country but – in a somewhat more surefooted environment – also had the opportunity to get behind the wheel of a potential new purchase.

**Blue Zone** – The Dunlop Grand Trek 4x4 village gave visitors the chance to experience the capabilities of the latest 4x4 and overlanding vehicles.

**Red Zone** – A central point of the 2022 Festival of Motoring was the event’s Red Zone. Offering a convenient stop-over destination sited between the Green and Yellow Zone’s, as well as enroute to the shuttle point for the Blue Zone, visitors could plan for a strategic refuel of food and fluids for the whole family.
