WELCOME TO THE FESTIVAL OF MOTORING.

We are proud to welcome you to the 5th instalment of the Festival of Motoring, hosted at the home of South African Motorsport, Kyalami Grand Prix Circuit. The theme for this year is Celebration, Innovation, and Aspiration.

This year the Festival of Motoring will continue to deliver on its mandate as the largest industry-supported motor show in Africa, to unite the automotive community by bringing together key industry players, motoring enthusiasts, and consumers shopping for a new vehicle. The event provides exhilarating experiential platforms for exhibitors and visitors, including the opportunity to drive or be driven in the latest models around the iconic Kyalami Grand Prix Circuit, the GridCars self-handling track, or the dedicated Dunlop Grandtrek 4×4 off-road track.

The Festival of Motoring team has worked hard to ensure that we deliver an event that surprises and delights visitors. It’s a celebration of motoring and provides visitors of all ages with a range of activities, activations, and spectacular displays and exhibits for all members of the family.

Don’t miss out on one of the exciting new additions to this year’s event - the Speed Challenge - which is a new racing element that will see racing legends of South African motorsport driving a variety of cars, including single-seaters, in a race against the clock. In addition, the Sunbet ZX10 Masters Cup will hold an official round at the event. Other entertainment on offer will include drifting demonstrations, a dedicated kids’ play area, Parolin karting circuit, a gaming zone, as well as a retail and lifestyle area. Oh, for the enthusiast there will be demonstration laps of the Minardi F1, Renault 3.5, Pilbeam MP58 and the Ferrari A1 GP car!

To make the experience seamless we have created an interactive map that will provide a directory of the four colour zones and the activity and exhibitors in those zones. This can be downloaded using the QR code on display throughout the venue and later in guide. The Red Zone will host the food court, kids’ area and the House of Volvo. The Yellow Zone is the home of the self-handling track and will also host contestants for the Speed Challenge, and the Legends of the 9-Hour race. It is also home to the bike village and drifting track. The Green Zone is the main Kyalami Building and will host the OEM drives around the track, hot lap experiences, supercar display, premium lounge, retail and gaming zones. The Blue Zone is the Grandtrek 4×4 Village hosting the Dunlop experience and 4×4 demonstrations and track experience.

The Festival of Motoring team is grateful for the support of our sponsors, partners and suppliers without whom this event would not be possible.

Most importantly, we would like to thank you, our esteemed visitors, for being part of this year’s celebration of motoring. Please share your experiences using the official hashtag #FOM2022

ULTIMATE RACING (STAND NO.: A10, GREEN ZONE, GALLERIA)

This platform has come about because we are tired of sorting through listings of lawn mowers, hair curlers and pot plants in order to track down the very car, bike or part we have been looking for. We cater exclusively for the racing industry and community and motoring enthusiast within all of us. Circuit Racing Cars, High Performance Cars, Classic Cars, Bikes, 4x4 and off-road, and all the parts & accessories for these addictive habits that we feed. To help cater for sorting the car categories: “Choose your Addiction”… This site is for real car enthusiasts.
